

## Broaden your sphere of influence

### Careers in Global Legal Recruitment London, Dubai, Hong Kong, Singapore, Sydney & Melbourne

Whether you're an experienced recruiter or a recently qualified lawyer interested in a change of direction, we can offer you:

- A tremendous brand name that opens doors around the world.
- Six offices, one team, servicing a powerful global client base.
- Unrivalled candidate database continually refreshed by significant advertising and marketing.
- A chance to join a small team of 60 professional legal recruiters and have a major impact on our future growth.

- Serious financial rewards that recognise both individual and team performance.
- An exciting career with international mobility and future equity opportunities.

What you won't find is the oppressive, KPI target driven management style that often characterises the recruitment industry. As a privately owned firm where the Principals are still actively involved in the business, we want our people to feel trusted and valued and to enjoy their time at work.

If you are a newly/recently qualified lawyer or an experienced legal recruiter at

any level of seniority, we have opportunities across all of our offices in practice and in-house (both perm and interim).
